AMBROSE RULES

General Charity Ambrose Rules

Team Captain
The captain of the team shall normally be the lowest handicap player. The captain is to ensure the score card is fully and correctly completed and signed before submitting it.

Handicaps
Players that don't have a GA handicap are welcome to play and are eligible for all prizes. Ladies without a GA handicap will play off a handicap of 36 and men without a GA handicap will play off a handicap of 18. (NB: GA handicaps are required for the Christmas Ambrose – see below).

Minimum Tee Shots
There may be a minimum number of tee shots for each player. If so, the minimum number of tee shots will be stipulated on the score card and in the rules attachment. The captain must ensure the stipulated tee shot requirements are met and the scorer records whose tee shot was used on each hole.

Playing Rules
Each member of the team may hit a tee shot (team members are not required to hit every shot). The captain then selects one of the tee shots from which to play. The position of the selected shot is marked. Each team member may then place their ball within one club length of the marked position, no nearer the hole, and play from this position. This procedure is repeated until the ball is until the ball is on the green. When the ball is on the green the selected ball is to be marked and the shot must be taken within one putter head length of the marked position

Please try and complete your game and submit your score card as quickly as possible as a courtesy to other players and to assist in ensuring the presentation can be held promptly.

Christmas Ambrose Rules

For the Christmas Ambrose all players must be a financial member of Narrabri Golf Club and must have a G.A Handicap.

Also, all Players must have played a minimum of 54 holes of competition games from the 1st January 2026 up to the day of the Ambrose and these games must have been recorded through GA CONNECT (e.g. played 3 x 18 hole competitions, 6 x 9 hole competitions, etc).

NB: Social games, chook runs, other Ambroses and open events where players' scores haven't been recorded through GA CONNECT **DO NOT** count towards the minimum 54 holes.

All other rules will be the same as the **General Charity Ambrose Rules.** Rules for the event itself will be stapled to the team's scorecard on the day.

Players not compliant with the above conditions are welcome to play but are not eligible for prizes.

Please try and complete your game and submit your score card as quickly as possible as a courtesy to other players and to assist in ensuring the presentation can be held promptly.

- Your Golflink handicap will apply for ALL the qualifying rounds and the FINAL. All games will be under the "STABLEFORD" scoring system.
- Players with the 19 BEST Stableford scores in the Saturday qualifying rounds will qualify for the FINAL.
- In the event of a tie for the top 19 players after the qualifying rounds, there will be a player elimination system to decide on the top 19 players to play in the FINAL. Players, whose best score in the qualifying rounds is within the 19 top scores, will be eligible for consideration for the FINAL. If there are more than 19 players whose best score is within the 19 top scores, some of the players with the lowest scores will be eliminated. As an example, firstly, if there are twenty four players eligible for consideration for the final and seven players all had the equal lowest score of 35, five of those players would be eliminated. If some of the seven players scored 35 on two or more occasions in the qualifying rounds, the player/s with the least number of scores of 35 would be eliminated first. If there is still a tie, the player that has played the least matches would be eliminated. If there was still a tie there will be a count back using the best game scores over the previous games played .

SHOOT OUT FINAL

- The 19 players selected for the FINAL must register at the bar by 9.30am on the day of the FINAL.
- FINAL registration is FREE.
- You will use your Golflink handicap.
- All 19 players will tee off together on the first hole.
- The player with the worst stableford score after each hole will be eliminated.
- If there is only one player on the first hole that has the worst stableford score that player is eliminated.
- If there is more than one player with the worst stableford score on the first hole, those players with the worst scores will go in a chip/putt off, with the player whose ball is furthest from the pin after the chip/putt off being eliminated. The remaining 18 players will then all tee off together on the second hole. The same system will apply again on the second hole to eliminate another player resulting in 17 players all hitting off on the third hole. This same system will apply for all the remaining holes through to the 18th hole.
- There will be an "OFFICIAL" appointed, in the event of a chip/putt off being required, he/she will decide where the chip/putt off will be from and will decide which player's ball is furthest from the hole after the chip/putt off. The player with the ball furthest from the hole will be eliminated.
